

DIRECTORS' REPORTS ON THE PROPOSALS ON THE AGENDA OF THE ORDINARY SHAREHOLDERS' MEETING

(29TH APRIL 2020 SINGLE CALL)

Report on item sixth on the agenda of the Ordinary Shareholders' Meeting and relating resolution proposal

Proposal to authorise the purchase and disposal of treasury stock; relating and consequent resolutions.

To Our Shareholders,

In compliance with Art. 125-*ter* of Legislative Decree No. 58/1998 and Art. 73 of the Regulation taken with Consob resolution No. 11971 of 14th May 1999 and subsequent amendments ("Issuers' Regulations"), we hereby submit the authorisation request, within the limits and according to the procedures detailed below, to the purchase and utilization of treasury stock.

1. Reasons behind the authorization request aimed at purchasing and disposing of treasury stock

The treasury stock purchase and disposal authorization request is aimed at allowing the Company to reach several targets, namely:

- (i)* fulfilling the obligations arising from the stock option plans already adopted by the Company and other stock option plans which might be approved in future;
- (ii)* carrying out industrial initiatives, since the authorization to purchase treasury stock will allow transactions such as the sale, contribution and exchange of treasury stock in order to acquire stakes in companies and/or to reach agreements with strategic partners within the Group's expansion objectives;
- (iii)* supporting the Recordati's shares liquidity, in order to promote the regular course of the shares' negotiations and avoid price fluctuations inconsistent with the market trend.

2. Maximum amount, category and face value of the shares under the authorization request

In order to achieve the above said objectives, we propose that you authorise the Board of Directors also with power delegation to the Chief Executive Officer and possibly to other Directors, to purchase, even in one or more tranches, a maximum of 5,000,000 Recordati S.p.A. ordinary shares with a par value of €0.125, corresponding to 2.39% of the current share capital of €26,140,644.50 and in any event for a maximum amount of €200,000,000 a percentage and amount which, as detailed below, complies with article 2357 of the Italian Civil Code.

At the same time, we ask you to authorise, in accordance with Art. 2357-*ter* of the Italian Civil Code, the Board of Directors also with the power delegation to the Chief Executive Officer, and possibly to other Directors, to dispose of, even in more than one tranche and for the purposes for which the authorisation is requested, the treasury stock that may be purchased, by means of sale and assignments, according to the procedures indicated below. All the foregoing, always within the purposes identified at Section 1 above.

3. Information on the maximum permitted amount of treasury stock purchase under article 2357, alinea 3, of the Italian Civil Code

In order to comply with the third paragraph of article 2357 of the Italian Civil Code, we hereby report that the share capital of the Company amounting to € 26,140,644.50 currently consists of 209,125,156 ordinary shares with a value of € 0.125 each.

We also report that on 18th March 2020 the Company holds in its portfolio n. 4,210,619 treasury stock shares, corresponding to 2,0134% of the nominal share capital. Even in the event that all the shares under the authorization request would be purchased, without dismissal in the meantime of any of the treasury stock held as of today in the portfolio, the Company would reach the property of 8,868,041 treasury shares, with an overall amount equal to 4,2405% of the corporate capital, that is a percentage under the permitted threshold according to the law (i.e. 20% of the nominal value of the corporate capital).

4. Duration of the requested authorization

The authorisation to purchase is requested until the date of the approval of the financial statement as of 31st December 2020. The disposal of purchased shares may occur without time limits, exception being made for the law provisions and regulations from time to time applicable.

5. Maximum and minimum consideration

The Board proposes the minimum unit price for the purchase to be not less than the par value of the RECORDATI S.p.A. ordinary shares (currently € 0.125) and the maximum price not to be greater than the average of the official stock exchange prices in the five sessions prior to the purchase, plus 5%. The Board in any case proposes that the purchases of ordinary treasury stock, if carried out for liquidity purposes, or to comply with stock options plans obligations, may be effected in compliance with (i) the market practice approved by Consob according to art. 13 Reg. EU 596/2014, and (ii) art. 5 of such Regulation, as well as second Chapter of Reg. EU 1052/2016. All of it also with respect to the shares purchase price on the market.

With regard to the maximum expense limit, the Board observes that in accordance with article 2357 of the Italian Civil Code, first alinea, treasury stock may be purchased up to the limits of the distributable profits and the reserves available resulting from the last financial report approved.

In this respect, it is underlined that in the financial statements of the Company as at and for the year ended on 31st December 2019, submitted for your approval during the meeting scheduled on 29th April 2020, the distributable profits amount to € 241,091,949 (of which € 98,763,641 have already been distributed in November 2019 as interim dividend) and the total amount of the reserves is € 301.354.784:

Additional paid-in capital:	€ 83,718,523
Extraordinary Reserve:	€ 76,728,772
Reserve formed following the transition to IFRS/IAS standards:	€ 140.907.489

We therefore highlight that considering the maximum price mentioned previously (Euro 200,000,000), the distributable profits and the distributable reserves are sufficient to cover any possible purchase of treasury stock.

6. Procedures for the purchase and sales

As far as it concerns the purchase transactions procedures, which may be performed in one or more tranches, the Board proposes these transactions to be performed, through duly appointed intermediaries, in compliance with Art. 144 *bis*, of the Issuers' Regulations:

- (i) on regulated markets, according to procedures set forth in the stock exchange regulations, which do not allow direct matching of purchase proposals with pre-determined sale proposals;
- (ii) in compliance with the market practices approved by Consob, according to art. 13 Reg. EU 596/2014, where applicable;
- (iii) in compliance with art. 5 Reg. EU 596/2014.

As far as it concerns the procedures for the utilisation, on the one hand it is proposed that the Shareholders' Meeting authorises the Board of Directors - also with power delegation to the Chief Executive Officer and possibly to other Directors - at any time, to dispose, fully or in part, in one or more tranches and even before all possible purchases are made – of the treasury stock purchased, (i) to implement stock option plans (ii) by sale on regulated markets either in lots or by public tender offer and, if it is the case, (iii) any treasury stock purchased may be used as payment for the purchase of shares and/or the conclusion of agreements with strategic partners. All the foregoing is subject to the compliance with any applicable law and possibly performed pursuant to and for the purposes of the market practices approved by Consob according to art. 13 Reg. EU 596/2014, where applicable.

7. Possible reserves to be used in case of treasury stock cancellation

The proposal for the purchase of treasury stock is not made for the purpose of reducing the share capital.

EU 596/2014, where applicable, if adopted by the Company; as well as, (ii) the disclosure obligations under the laws and rules, from time to time applicable, and in particular those set forth in art. 144-*bis*, third alinea of the Issuers' Regulation.
